MEMO TO: Members of Camping Committee

You have probably received your notice of the Camping Committee Meeting for Thursday night, May 12th, and the latest report of Camp enrollment. The enrollment figure is most alarming. Last year at this date we had 2,185 enrolled for Owasippe and as you see by the report we have 782.

I can't account for this difference and it is very evident that we must take immediate steps to find out what is wrong. Our entire summer camp program is endangered by this lack of enrollment.

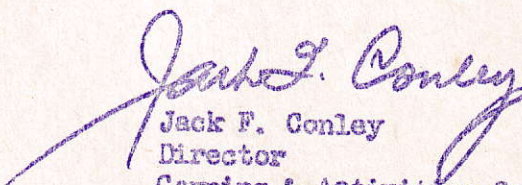

At the meeting Thursday night the Camping Committee must decide what additional steps must be taken to find out how many boys are going to camp this summer. The Committee must also decide what must be done in case our enrollment does not reach the numbers we had anticipated.

You can see how important it is for you to be present Thursday night. If for any reason you cannot come, will you consult with your District Executive and arrange to have your District represented.

Between now and then will you find out to the best of your ability the story of the troops in your District.

This problem can be solved but it will require the immediate attention of all of us.

Sincerely yours,

Jack F. Conley
Director
Camping & Activities Service
